From the developer: A new world, a new action game A brand new world with a new action game! The ancient Elden civilization once lived on the land of the Lands Between. In a distant world, it created an incredible machine with the combined power of those who wish to disappear into the void. After being destroyed, the corrupted Elden civilization is now believed to have vanished. However, it was only the start of a new race. A race that the world so desired, and was finally accepted into the Lands Between. This new race was named the "Elden." Even so, the world was filled with a strong resentment towards the "Elden." In order to wipe out these people who still remembered the existence of the Elden race, the world and its people united as one and sank into a long-lasting war. Now, on the faraway continent of the Lands Between, there are four main races: the Elden, the Dragon, the Goblin, and the Bird. The Beasts and the Bear race are said to have appeared on this world. With the help of the powerful "Elden Ring," the Elden race will overcome their past mistakes and try to fulfill their destiny as the chosen people of the world.
