The 1.0.2b At the moment, the PlayStation 4 can be activated in two ways: CD Keys or Serial. By activating your PS4 with a code you are getting a limited time achievement. They will work like licenses for a license, everything you do on your PS4 during the time you have the license will add some time onto your time before it expires. First thing you need to do is activate your PS4, for that you can either use CD Keys or Serial. Step 5: For a CD key, the key will look similar to the image below. The 10 digit code will be placed on the back of the CD. To get started, download the Steam Client to your PC. Then connect your PS4 to your PC using a USB cable. When connected, Windows will prompt you to register your PS4. You will need to enter a brand name and serial number of your PS4 to register your console. You can find the serial number by going to settings on your console. If you are planning to play on a PS4, you must get a valid PSN account. If you do not have one, you can get one by registering your PS4. Click the PlayStation Network button on the PlayStation Store interface. Select Sign Up. Enter your PSN ID and password. Select Create Account. You must have an active PS Plus subscription to register your PS4. Select Sign In. Enter your billing information. Select Sign Up. Your PS4 is now registered and ready to be used. In order to use your console, download the Steam Client to your PC. Step 6: Install Steam Client to your PC. If you already have an account, you can skip step 6. If you don't have an account, then first make one. When you have an account, connect your PS4 to your PC using a USB cable. Install Steam Client to your PC. Click the Steam Client button on the PlayStation Store interface. Select Install. Select the location where you
